Bowled over by all that's new in these islands

Fred Mawer reveals the latest flight, cruise and hotel developments

Flights
The arrival of the Virgin Atlantic GlobalFlyer to the Caribbean is a major development. The aircraft, which is the world's first long-haul business jet, will offer direct flights from London to the Caribbean, cutting travel time by up to 10 hours. This is a significant improvement on the current routes, which involve a stop in Europe. The aircraft is also much more fuel-efficient than other long-haul jets, which will help to reduce the environmental impact of the flights.

Hotels
The Caribbean is also seeing a surge in new hotel developments. In Barbados, the new Rixos Barbados Resort is set to open in 2015. The resort is a 100-room, five-star property that will offer a range of amenities, including a spa, a golf course, and a private beach. In Jamaica, the new Rixos Jamaica is also set to open in 2015. The resort is a 100-room, five-star property that will offer a range of amenities, including a spa, a golf course, and a private beach.

Private jets
The Caribbean is also seeing a surge in private jet travel. The new Virgin Atlantic GlobalFlyer will offer direct flights from London to the Caribbean, which will be a major attraction for private jet travelers. In addition, there are a number of other private jet services operating in the Caribbean, including Jetset and VistaJet.

The Bahamas
The Bahamas is also seeing a surge in new hotel developments. The new Rixos Bahamas is set to open in 2015. The resort is a 100-room, five-star property that will offer a range of amenities, including a spa, a golf course, and a private beach.
