A roundup of hotels with over-the-top amenities.

Belle Mont Farm

An edible golf course on St. Kitts

Opened in December with wooden guest houses set on 400 acres, **Belle Mont Farm** is introducing the world's first pick-as-you-play golf course, designed by the Welsh golfer Ian Woosnam and dotted with tropical fruit trees. Signs indicate what's ripe for snacking; caddies, clued in to each season's harvest, provide directions to the best bounty.
